Read a Poem

Name of Poem: Let America Be America Again

Poem Author: Langston Hughes

I think this poem is a perfect fit for what is going on with this country now. At one time the country was all about freedom and equality, but today our country seems divided. We have political problems, equality problems, people abusing their freedom, and many other things.

A poem like this expresses that kind of feeling that something needs to be done. It talks about how there is not equality, which is one of the things this country was founded upon. It expresses that we need to change our country, to be a better one and to also make it to where there is freedom and equality for all people.
