

My name is **BRADY KONDEK**, and I am *excited* to be taking this course. Today is **August 26th, 2021**. I am learning how to use the basic features of Word Online, which is free. I understand that Word Online is a pared-down version of the features I would have if I used the desktop version of Microsoft Word.

I will use this document to complete the Module 2 Lesson 3 Assessment and show my instructor I have mastered the basics of Word Online. I also want my instructor to know these three things about me:

1. I am a Boy Scout (currently starting my Eagle project).
2. I am a competitive swimmer, since I was 8 years old.
3. I have known how to use a computer since I was 5.
